

Scott Lake Nifty Fifty

In the 1960's and 70's there were 50 stocks that were seen as can't miss investments. This group of high performers was known as the 'Nifty Fifty'. If you held onto them and invested for the long haul they brought consistent returns, high value, and yearly dividends. Scott Lake has decided to introduce a new, more stable version of the Nifty Fifty.

HIGH VALUE RETURNS—THE MORE YOU PLAY THE BETTER IT GETS

Scott Lake Country Club's chief economist, Phil Phrugalson, has put together the nifty price of \$150 each for only fifty packages for Sunday morning golf. The packages were created with a mission statement to help it's customers consistently return to the golf course every Sunday for a high value round of golf and by years end, keep more dollars in the customer's wallet. The packages carry out this mission statement by only charging the customer their cart fee after the initial package price. Using this principle, the package owner increases the value of their investment the more they play.

THE MATH—THE MORE YOU PLAY THE BETTER IT GETS

Scott Lake Country Club offers the Nifty Fifty Program for \$150.00 and that covers your green fees for the season on Sunday mornings. The green fee for Sunday is \$31.00 and by the time you have played five times you are ahead of the game. If you play 20 times your average green fee is now \$7.50! Cart fees are required at \$15.00 for 18 holes of golf. Tee off times for 2017 available for the Nifty Fifty are before 10 AM. See the registration form for the other restrictions.

AGAIN FOR 2017-PLAY MONDAY THROUGH FRIDAY AFTER 7pm

Our high quality value investment just got better! In addition to your Sunday morning play, you can come out after the leagues on Monday through Friday and play golf for only the price of a cart. Open tee times after league usually start around the 7 o' clock hour and are a great way to unwind after a long day at work. Check with the golf shop staff on a daily basis to see what time you can start. You get to play more golf for the same price!
