"Hacking for Education" Golf Outing

Saturday, May 20th, 2023 9:00 AM Shotgun Start
Scott Lake Golf & Practice Center

Dear Supporters of Comstock Park Students,

We would greatly appreciate your support for our 38th Annual Hacking for Education Golf Outing.

The Foundation has been hard at work since 1986 in the effort to bring additional resources to the students at Comstock Park Public Schools. The Foundation provides grants to staff members for innovative ideas to further the education of our students. In the last three decades, these grants have touched every student that has attended our school system. We have provided books, programs, a copy machine, a digital printer, scientific tools, music supplies and many other items that have enhanced the children's learning experience. The teachers that have applied for and been awarded grants are determined to provide the best possible education to the students.

The Foundation is hard at work raising money to help fund some additional programming such as the Summer Science Program. All new programs need startup money and the Foundation is looking for your help to raise it. The primary obligation of the Foundation is to raise money! That is the hard part. With your participation, you are able to help the staff and students. That is the easy part.

The Foundation needs your help. One of our major fundraising efforts of the year is our annual golf outing which is a fun way to help us raise money. There are many ways that you can help, either playing or by becoming a sponsor. You can sponsor a tee sign, hole-in-one event, a set of custom flags or be the Title Sponsor. If you can't play and want to help, you could just send a check!

Please take a moment and look through the sponsorship material and pick one.

With sincere thanks,

Jeff Hoag
