

34th Annual

Comstock Park Educational Foundation

"Hacking for Education" Golf Outing

Sunday, August 11, 2019 1:30 shotgun

Dear Supporters of Comstock Park Students,

We would greatly appreciate your support for our 34th Annual Hacking for Education Golf Outing.

The Foundation has been hard at work since 1986 in their effort to bring additional resources to the students of our school system. The Foundation provides grants to staff member for innovative ideas to further the education of our students. These grants in the last three decades have touched every student that has attended our school system. We have provided books, programs, copy machine, digital printer, scientific tools, music supplies and many other items that have enhanced the children's learning experience. The teachers that have applied for grants and used the grants are determined to be better educators.

The Foundation is hard at work trying to raise money and is trying to figure out a way to help fund some additional programs such as the Science Olympiad and First Robotics. These new programs need start up money and the Foundation is looking to help raise it. The first and foremost obligation of the Foundation is to raise money! That is the hard part. Then we get to help the staff and students. That is the easy part.

The Foundation needs your help. Our first major fundraising effort of the year is a fun way to help us raise money. There are many ways that you help by becoming a sponsor. You can sponsor a tee sign, hole-in-one event, set of custom flags or be the Title Sponsor. Or you could just send a check!

Please take a moment and look through the sponsorship material and pick one.

With best regards,

Jeff Hoag
Event Coordinator
