3/11/2024

As a proud supporter of education and community enhancement, I am reaching out on behalf of the Comstock Park Educational Foundation to extend an invitation for sponsorship support for our upcoming 39th Annual "Hacking for Education" golf outing at Scott Lake Golf & Practice Center.

Scheduled for Saturday, May 18th, 2024, with a 9:00 am shotgun start, this event promises a day filled with camaraderie, fun, and most importantly, a profound impact on the educational landscape of Comstock Park. The net proceeds from this event play a pivotal role in empowering the foundation's mission to enrich the learning experiences of students within the Comstock Park Public Schools.

Each year, the funds raised are utilized to award grants to the dedicated staff at Comstock Park Public Schools, enabling them to implement innovative educational initiatives that foster creativity, critical thinking, and academic excellence among our students. Additionally, a portion of the proceeds support the Summer Science Program, providing students with engaging and enriching opportunities to explore the wonders of science outside the traditional classroom setting.

Furthermore, the Comstock Park Educational Foundation is committed to nurturing early literacy through our support of the Dolly Parton Imagination Library program for Comstock Park students. By promoting a love for reading from an early age, we aim to lay the foundation for lifelong learning and academic success.

Our foundation is comprised of local community members who share a deep-seated commitment to the advancement of education and the well-being of our youth. By aligning with us as a sponsor for the "Hacking for Education" golf outing, you not only demonstrate your dedication to educational

excellence but also solidify your presence as a valued partner in our collective efforts to empower the next generation.

Enclosed you will find detailed information regarding our sponsorship opportunities, each offering unique benefits tailored to showcase your commitment to education while maximizing your visibility among our esteemed network of supporters.

We sincerely hope that you will consider joining us in this noble cause by becoming a sponsor of the 39th Annual "Hacking for Education" golf outing. Your generosity will make a tangible difference in the lives of countless students and educators in our community, leaving a legacy of learning and opportunity.

Thank you for your thoughtful consideration, and please do not hesitate to contact us with any questions or to discuss how we can customize a sponsorship package to best suit your philanthropic goals.

Warm regards,

Jeff Hoag
